

HARRIS PARK METROPOLITAN DISTRICT (HPMD)
Short Term Rental

You have been identified as owning a Short Term Rental (STR) in Harris Park. Due to past abuses by STR's your property may not purchase community fishing badges under our normal Owner/Resident program. HPMD would like to offer you and the other STR properties a legal way to offer fishing to your guests in our community lakes. You would be required to purchase a HPMD Community Membership for \$50.00. Each guest would be eligible to purchase fishing privileges for \$75 per day. We would like the fees to be offered and collected at the time of reservation on the Airbnb or Vrbo site. You would then email HPMD at Harrisparkinfo@gmail.com with the name of each guest and the dates of their fishing privileges. Payment to HPMD must be made by the end of that month. A list of the HPMD's fishing rules must be made available to your guests and remain visible in your rental at all times.

If you choose not to participate in this program, HPMD would like you to make clear in your property's posting on Airbnb and/or Vrbo that fishing in our community lake and streams is NOT allowed. Any violation will prevent STR from participating in Harris Park STR fishing program until approved by the HPMD board.

If you have any questions please feel free to reach out via email @ Harrisparkinfo@gmail.com.

We look forward to working with you and your guests.
